OUR STORE WILL BE CLOSED ON NEW YEAR'S DAY.

His Open House.

Mr. Pete Owens will not only open his popular house of call to his friends and the public to-morrow, but he will also spread a fine free lunch.

His place of business is on West Columbia street.

Wm. Reed, of Hartford City, Ind., is at the Aveline.

Judge O'Rourke to-day decreed J. C. Peltier a judgment for $75 against the Pennington Pulley works.

The Hamilton National bank sues the Pennington pulley works on a cross complaint. C. M. Dawson and Randall & Vesey are attorneys.

The following judgments were rendered in the superior court: James T. Kelsey vs. James Paine on a note, for $253; James Paine vs. Geo. D. Patton, foreclosure, for $1,229.25. The case of Ada J. Crane vs. Geo. A. Renner was dismissed.

CHARMING LADY CHURCHILL.

Lady Randolph Churchill is the sort of pretty woman that some people call lovely, with the intention of conveying not precisely an idea of regular features, a marble brow, a Gercian nose, a mobile mouth and so on, but a woman in whose face expression counts for a great deal, her fine qualities almost beaming upon her countenance and causing her to be a very great favorite. A passage is made for her to pass through the assembled company on the arm of some distinguished member of the society, and she is stared at and applauded as if she were the queen herself. There is a craning of necks and the bobbing of heads to watch her every movement, and when she takes her seat at the piano—she is an accomplished musician, and not only lends her name but her services for the occasion—the enthusiasm increases, and she may be likened to a little goddess, with the piano stool for a pedestal. Her walk down the aisle, bowing to right and left, when the entertainment is over, is another little triumph, and the number of her husband's constituents increases by the tens and twenties during the little exhibition of Lady Randolph's graciousness and good temper."—*New York Press.*

ISAAC N. MYERS.

Has an Imposing Funeral Yesterday Afternoon.

The funeral of Sir Knight Isaac N. Myers occured yesterday afternoon under the auspices of the Knights Templars. The Sir Knights were out seventy-five strong and the burial was according to their very impressive and solemn ritual. A great concourse of people viewed the remains at the Temple parlors and then the pageant moved to the south depot where Sir Knight Law had a special train of nine cars in waiting to convey the people to the cemetery. Here again the Sir Knights did their final honors to the deceased and paid to him their knightly tribute, as they formed about the grave. The Brotherhood of Locomotive Engineers was also represented and many of the Knights and engineers were from abroad.

Among the number were Sir Knights Baker, Drover, J. S. Glenn, Sivers, Day, Humbert, Slack, Simonton, Bratton, Knapp, Swartz, of Huntington.

Engineers Washburne, Aimes, Watkins, Jolliff, E. T. Taylor, J. McClure, Shurtlief, Weaver, Stevens and Ross came from Andrews and Engineers Jno. Cull, Wonderley, Wolper, McGrew, Sweedland and Slusser, from Huntington.

Others came from Butler, Columbia City, Plymouth, and in fact, all surrounding towns.

The floral offerings were profuse.

A BOLD THEFT.

Councilman Haiber Robbed of $165 and F. W. Kelsey of $35 and a Watch.

Thieves are getting bolder, if their work is any indication.

Saturday night, after the family had retired, burglars entered the residence of Councilman Charles Haiber, through a door left unlocked, and after a careful reconnoiter, found $165 under Mr. Haiber's pillow. This they appropriated without awakening the alderman.

Mr. F. W. Kelsey, of the Summit City launday, rooms at Mr. Haiber's house, and from him they took a silver watch and $35.

No clue to the thieves.

Carnahan & Co., city, $99.
Thomas Bolton, Rochester, $700.
Childs, Goff & Co., Cleveland, $234.
The Co-operative company, of Stoneman, Mass., $800.

Mr. Schiefer's store is closed and it may be that he will come out all right. He deserves better fortune, for he is always clever.

Mr. C. R. Higgins, and Capt. F. F. Beltz have already announced as candidates for the postoffice. Mr. Ben. Skelton annonnced himself a candidate today and the good work will go on.

Judge Taylor spoke at the Morton Hall on Saturday night. He repeated some of his campaign misrepresentations against the democratic party and held out little hope to postoffice seekers.

Officer Patton yesterday found a man giving his name as Henry Roberts, selling tools about town. He arrested him and this morning Luce Stapleford identified the property as his. Roberts will be attended to.

Mother, wife or sister, if you have a friend, brother, husband or father who drinks that which intoxicates, kindly ask them to sign the pledge in to-day's paper. It can do them no harm and may save them from a life of misery and woe. Cut it out and hand it to them, and be their witness.

Our friend, Mr. Sam Stewart, has returned from his European trip. 'Tis reported that he had secured Heller's flying machine and was bound to find Stanley's remains or perish in the attempt. A telegram from the great explorer reached him as he was leaving Pittsburg, advising him that all was well and he should return to this city. The committee of arrangements regret the failure to apprise them of the time of his araival, as arrangements had been made to give him an appropriate reception.

Mayor Muhler has his side of the life of Mrs. Nick Leffer, the woman who suicided the other day. He says the officers do not pursue fallen women as the papers allege, but in this case it was necessary. Three wives had personally appealed to the mayor for her arrest, saying that she robbed them not only of the affections of their husbands but of their wages, and consequently the necessaries of life. The neighbors, too, complained of her shameless acts, and her divorced husband bears three scars that mark him for life, and all of them received at her hands. Mr. Muhler says that Officer Tremmel acted simply on honest demands, as Mrs. Leffer was the means of driving three families to the verge of starvation.

PLEADS FOR A NOBLE CAUSE.

Rev. D. C. Woolpert Preaches an Interesting Missionary Sermon.

"The Glory of the Coming Morn," was the subject of the sermon delivered yesterday morning at the Berry street M. E. church, by Rev. D. C. Woolpert. "Thou art Peter and upon this rock will I build my church, and the gates of hell shall not prevail against it," was the text used. For centuries, the speaker said, theologians have differed as to what Christ meant by the term "this rock." Some think He meant Himself, others His divinity, others Peter, and others still Peter's confession of His divinity. "I reject," said the reverend gentleman, "the papal idea of Peter's primacy in the Apostolic college, yet I think that Christ meant to state that Peter, along with the other apostles, was to be the foundation of the new church."

They were the ones upon whom the burden of the battle fell when Christ expired upon the cross. They were holy and consecrated men, fitted to take up the work on earth He had commenced. Under their leadership the standard of the cross was carried into many countries, planted even beside the Roman eagles and under the shadows of the Ceasars. The grand missionary work, commenced then, has continued throughout the centuries, and although persecution has made martyrs of many Christian heroes, the battle still wages and the Christian missionary is to-day found in every clime under the sun. But the end is not yet.

The great bulk of the world's population still sit in the darkness of heathenism. God commands us to go help them. Let us respond with consecrated men and women and consecrated money, and as persecution and death failed to crush Christianity at its birth and through centuries, so the difficulties that beset the missionaries' pathway to-day will not keep him from his work of redeeming the world, for Christ has promised "the gates of hell shall not prevail against" the religion he has founded. May God help us to hasten on the day when the sun, in his course, shall shine upon no nation, nor tribe, nor city, nor hamlet, nor home where the saving power of Christ is not known and his blessed name adored.

The speaker closed with a brief description of the church triumphant and pictured in an eloquent manner the glorious reward that awaits the faithful in the world beyond. The sermon was a magnificent missionary discourse, full of grand thoughts and delivered in Pastor Woolpert's usually forcible and eloquent manner.

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

MONDAY, DEC. 31, 1888.

A HAPPY New Year to you all.

THE proverb of a "Green Christmas and white New Years" is in doubt.

GENERAL ALGER will give each of the 500 Detroit newsboys a suit of clothes for a New Year's gift.

THE Sunday laws continue to be flagrantly violated before the eyes of the officers sworn to enforce them.

THE SENTINEL'S yearly review of the affairs of the city was a revelation to many. Fort Wayne is growing right along.

TWENTY-FIVE states besides the national government have made scientific temperance a compulsory school study in their respective states and territories. Indiana is not one of them, unfortunately.

THE Methodist pastors of Indianapolis want General Harrison to withhold his countenance from the Inauguaration ball. The Indianapolis *Journal* replies that while General Harrison will not whirl in the mazy waltz, he will not attempt to regulate the social affairs of the nation.

THE district prosecuting attorneys of the state will undertake to defeat the passage of the city attorneys' bill relating to the prosecution of the crime of misdemeanors under a city ordinance instead of the state law. This is the old battle for fees.

TURN OVER A NEW LEAF.

To-morrow is eminently a day of reckoning and resolves. The affairs of the world and actions of life are in line for grand review.

The man of business closes his accounts for the year, makes out his balance sheet and finds himself on one side or another.

The individual weighs life's work on mental scales and measures the progress of the year.

What an important task it is and what momentous consequences hang about it.

The merchant or business man who finds his fortunes on the losing side either shifts his calling or pursues a different course. To him success is everything, and loss is calamitous.

No less important is it to the individual. If he is not better off at the close of the year than at its opening, his life is a failure and he must shift the scenes of the stage on which he acts.

Take an inventory of the year and see where you stand. What vice or habit has turned the scales against you? What has robbed life of its triumphs, labor of its fruits?

In ninety-nine cases out of every hundred it is drink, for all the faults that flesh is heir to follow in its wake.

It robs home of its comforts, drives love from the fireside and invites the wolf to the door. It feasts on wrecked manhood, revels in depravity and saps from life all its graces. It is a blight to the young, a curse to the old and a menace to all humanity, for it is poverty's cohort and crime's mainspring.

Stop the liquor habit. Have the courage to say no! Let wine lose its tempting and liquor loosen its fangs. Be a better man, a better son, husband and father. It will pay a better dividend than all the purchased pleasures.

Sobriety has come to be a necessity in all the callings of life. It is equivalent to employment, for every one knows its worth.

Begin to-morrow then, to lead a new life. Turn to a new leaf. There is more valor in this battle than half the wars. Be a man for a year and the balance sheets will recall more joy, happiness, health and wealth than you dream for.

Sign the pledge printed elsewhere, live up to it sacredly, and dare to do right for the good it brings.

Avoid the temptations and associations that lead you to err. Pray more, read more, think more, and have a church home.

In these things you will find happiness and the genuine pleasures of life seasoned with prosperity and progress.

THE SENTINEL bespeaks for its constituency all the blessings of life and extends to all its choicest greetings for a happy new year.

"It's only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

Will English, the brakeman on the Nickel Plate who had his thumb mashed several days ago while making a coupling, is at the City Hospital. Blood poisoning has set in and the young man is said to be dying.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe ree of charge. O13deod4m-weow15t

Temperance Pledge for 1889.

"With Malice Toward None and Charity for All."

I, the undersigned, do pledge my word and honor, God helping me, to abstain from All Intoxicating Liquors as a beverage, from January 1st, 1889, to January 1st, 1890, and that I will, by all honorable means, encourage others to abstain.

THE LEGISLATURE PETITIONED.

The Trades and Labor Council at Its Last Meeting Calls for the Passage of Laws in the Interest of Labor, Life and Health.

The Trades and Labor council and other labor organizations, of this city, at the regular meeting passed the following petition to the legislature and decided to request the members from Allen county to use their influence for the passage of such laws as are mentioned below:

We, the Local Trades and Labor Council and other labor organizations, of Fort Wayne, Ind., in delegate meeting, on Friday, December 28, 1888, call upon the Indiana legislature at its coming session to pass laws on the subjects following:

A law which shall make the wages of the wage worker a first lien upon all property and the repeal of all laws in conflict therewith.

A law which shall make the inspection of all boilers in mines, factories mills and all other places where they are used, necessary, and the appointment of a board of boiler inspectors by the governor with the concurrence of the legislature.

A law for the protection of life and health in mines, factories and on railroads.

A law for the inspection of tenement houses in cities.

A law to abolish the contract system in cities on municipal work, and the performance of the same by a board of public works.

A law to abolish all convict work in prisons, where the same comes in conflict with free labor.

A law to abolish child labor by children under fourteen years of age.

In furtherance of the above resolutions a legislative committee was appointed to correspond with members of the Indiana legislature with a view of securing their co-operation in the passage of such laws as will be in the interest of life, health and happiness.

Several labor organizations not connected with the council sent delegates to the meeting.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and over a year had two running sores on my neck. Took five bottles Hood's Sarsaparilla, and am cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

Is one of the most disagreeable diseases caused by impure blood. It is readily cured by Hood's Sarsaparilla, the great blood purifier.

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He tood Hood's Sarsaparilla and is entirely cured." J. R. Stanton, Mt. Vernon, Ohio.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVeau, 262 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lykins, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and bilousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 24 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, too, she was afflicted with [illegible] loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. Martyrs to headache should try

MASON & HAMLIN

The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1867, in competition with best work of all countries, they have invariably taken the highest honors. Illustrated catalogues $22 TO $500. Free.

Mason & Hamlin do not hesitate to make the extraordinary claim for their pianos, that they are superior to all others. They recognize the high excellence achieved by other leading makers in the art of piano building, but still claim superiority. This they attribute solely to the remarkable improvement introduced by them in the year 1882, and now known as the "MASON & HAMLIN PIANO SCALE," by the use of which greatest possible purity and equality of tone, together with greatly increased capacity, GRAND & UPRIGHT, is secured in every instrument. Unequalled for standing in tune and other important advantages.

A circular, containing testimonials from three hundred purchasers, musicians, and tuners, sent, together with descriptive catalogue, to any applicant.

Pianos and Organs sold for cash or easy payments; also rented.

SMOKED GLASSES.

They Will be in Order To-morrow for the Eclipse.

The advent of the new year will be marked by an eclipse of the sun, which, rarely enough, will be visible in this locality. To the favored few living in a belt eighty miles wide, beginning on land at San Francisco, and terminating about Lake Winnipeg, the face of Old Sol will be wholly hidden from view for the space of three minutes, presenting the strange spectacle of the sun setting while still above the horizon.

The first contact will take place at 2:30 p. m., and at the maximum point of the eclipse about six-tenths of the sun's diameter will be observed, leaving a luminous line corresponding to that presented by the sun during the eclipse of 1869, the last solar eclipse visible here. By this time the sun will be going behind the western horizon, shutting out from view the last half of the phenomenon, the last contact taking place about an hour after sunset.

The eclipse begins in the Pacific Ocean some hundreds of miles west of San Francisco, and the moon's shadow will leave the earth at a point in the West Indies.

The first month of 1889 will also be signalized by a partial eclipse of the moon. The phenomenon is set for January 16, at 10:30 p. m., and will last three hours. The moon will be full and well up in the heavens, and if the sky be clear observers in this part of the earth will be granted a full view of the phenomenon. Seven-tenths of the moon's face will be darkened by the earth's shadow, which in an hour diminishes fair Luna's face until naught remains in view but a crescent scarcely more fully developed than at new moon.

Rheumatism

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

Judge Chapin's Year in Court.

Judge A. A. Chapin closes the year with a good record. During 1888, 185 cases were filed in the superior court. Fourteen of them were divorce suits; forty-nine were for foreclosures and quieting of title, fifty-two were on accounts, twenty for damages, fifty for other causes; on the aggregate he rendered 116 judgments and decrees.

A Sneeze! A Cough! A Sudden Chill! The mischief is done; you have a cold. It will run into catarrh, inflammation of the chest, or to hemorrhage of the lungs! That depends. A timely dose and an external application of Pond's Extract will stop it, as it cures inflammation or hemorrhages of all kinds. Then it is well to keep a bottle of this wonderful remedy at hand prepared for all emergencies. Avoid imitations.

Our Weighmaster.

Mr. Patrick Ryan, the efficient city weighmaster, presents the record of weights and measures in his department for 1888:

Of hay, 5,453 11-10 tons were weighed; corn, 34,841-30 bushels; oats, 59,960-20 bushels; straw, 330 3-80 tons; ice, 345 15-90 tons; iron, 640 12-60 tons; meat, 136-1,000 tons; coal, 2,440-750 tons; potatoes, 20,985-40 bushel; wood, he measured 5,024 loads; total receipts for the year, $1,650.

Its thousands of cures are the best advertisement for Dr. Sage's Catarrh Remedy.

A HORRIBLE story comes from Trinity County, California. A man by the name of Iverson became suddenly insane, killed his wife, and shot himself. When the neighbors found the bodies next morning the little babe was crawling around on the floor, vainly endeavoring to awake its parents. The babe's hands and feet were covered with blood.

Ayer's Cherry Pectoral is recommended by eminent physicians, on both sides of the Atlantic, as the most reliable remedy for colds, coughs, and all pulmonary disorders. Inquire of your druggist for Ayer's Almanac.

Electric Belt Free.

To introduce it and obtain agents the undersigned firm will give away a few of their $5 German Electric Belts invented by Prof. Van der Wende, Pres. of the N. Y. Electrical Society, (U. S. Pat. 357,647) a positive cure for Nervous Debility, Rheumatism, Loss of Power, &c. Address Electric Agency, Box 178, Brooklyn, N. Y. Write to them to-day. 7-deod-45t-weow-15t.

My Poor Back!

That "poor back" is held responsible for more than its share of the sufferings of mankind. If your dog bites a man who kicks it, do you blame the dog? On the same principle the kidneys utter their protest against nervousness, impure blood, and resulting constipation. These force them to do extraordinary work in ridding the system of the poisons which are the result of effete matter retained in the blood. Then the sufferer says the back aches; the kidneys are diseased. "Not yet;" but they will be unless the nerves are strengthened, the blood purified, and the constipation removed. These are the causes of kidney troubles, and Paine's Celery Compound removes them quickly. With its tonic, purifying, and laxative effect, it also strengthens the weak kidneys, making it almost infallible in curing all diseases of the nerves and kidneys. If your hopes of cure have not been realized, try Paine's Celery Compound; it gives perfect health to all who complain of "their poor backs." *Price $1.00.*

Health is impossible when the blood is impure, thick and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. THE DOG AND THE SHADOW

A Dog, crossing a bridge over a stream with a piece of flesh in his mouth, saw his own shadow in the water, and took it for that of another Dog, with a piece of meat double his own in size. He therefore let go his own, and fiercely attacked the other Dog, to get his larger piece from him. He thus lost both. —*Æsop's Fables.*

IT ALWAYS PAYS to hold on to a good thing. People who have tried **Santa Claus Soap** hold on to it because it is good. Some may think that because there are other Soaps that give more in bulk for the money, that they are cheaper; but such bulk is made up with rosin. When quality is sacrificed for quantity, such soap is not cheap at any price. **Santa Claus Soap** is the best; and is sold by all grocers. It is made only by

To our lady friends, we desire to say, you have but one chance more left to take advantage of the leap year privilege. If you allow this opportunity to pass you have but yourselves to blame and dare not in the future allude to the bashful young man, who dares not speak the all important words. We know several young men who have been shaping their lips to say "yes," most sweetly, but not having an opportunity are growing desperate and as the old year fades away, have sworn solemn oaths that they would brace up and become benedicts e'er the incoming year is very aged.

Miss Minnie Maddern is the youngest prominent star in America. She is the original exponent of an art heretofore never portrayed on the American stage. Her originality, great talent and deserved success has never been disputed by any critic. She is not a tragedienne, comedian, soubrette, nor an emotional artist. Yet it is true that she stands at the head of a line of dramatic art, which has few followers. She is the legitimate ingenne of America, presenting as she does, girlish, youthful heroines, who are neither tragic, emotional nor soubrettish particularly, but just as they are in ordinary every day life.

Twenty-six years ago to-day William Wolford, of the Pittsburg machine shops, received at the battle of Stone River what was supposed to be a mortal wound. He survived the injuries, however, and is now one of the pleasantest machinists at the works.

The ball given by the mail carriers to night, at the Princess rink, will be a grand event. New Years Day.

Its Old Customs are Waning and Society Sways the Day to Its Pleasure.

New Year's day, like many other holidays, has lost much of the heroic proportions and grandeur it wore to the eye of childhood, whether because the perspective of imagination grows dim with advancing years, or whether the day really has lost a large part of its popularity can not be said. But the fact is that fewer people keep open house from year to year in proportion to the size of the circle of society. It is not a children's day, which may account for its not being so enthusiastically hailed. It is society day, and society is changable in its notions about how it shall conduct itself. Men no longer contemplate with enthusiasm the long rides, the dashing in and out of parlors and scattering greetings as they go, which are about as social as a "hello" through the telephone. They find themselves unable to cover the whole ground and have enough vitality left to go through the duties of the evening, and hence do not attempt it all. Then, again, January 1 is theatrical day and people in large cities prefer to be quiet through the day and enjoy the play or perhaps a ball in the evening to making the weary rounds. Perhaps the decline in the table setting has something to do with the decline of the day. Temperance sentiment has well nigh abolished the miscellaneous and jolly drinking which characterized the conduct of the gallant of thirty years ago. The day is gone when gentlemen expect to be well fed on the first day of the year.

If there is a day that demands floral decorations, it is New Years. Designs are least expensive, least fashionable, and, consequently least desirable. The fancy of the hour is to buy from a dozen to six thousand single flowers, and array them about the rooms, placing them indiscriminately—on mantel, shelf, and about the bric-a-brac and books on cabinet and table. They are to be seen and admired, rather than preserved. Short-stemmed flowers are nice for window-seats, as they can be put in a shallow dish of some kind, covering the edge. It might be said here that if flowers are not profuse the parlor can be made delightfully picturesque by arranging scarfs, ties, draperies, or even books about the furniture in the rooms.

The dress of the hostess is simple. Although no restriction is placed on elegance, full dress, that is, of a decollette character, will hardly win approval; the high-neck, close-fitting house or street dress may be made sufficiently attractive with bright ribbons and flowers.

Full dress suits are not worn by callers earlier than 6 o'clock in the evening. Prince Alberts, dark trousers and kid gloves are proper for afternoon calls. Fifteen minutes is long enough for a call, unless there is a special invitation to stay longer.

Uncle Remus has wisely declared that "mule don't kick 'cording to no rule," and "that colds have no systematic way of taking hold of a person." The only safe cure, when they do, is a bottle of Dr. Bull's Cough Syrup.

COMPANY.

OUR STORE WILL BE CLOSED ON NEW YEAR'S DAY.

His Open House.

Mr. Pete Owens will not only open his popular house of call to his friends and the public to-morrow, but he will also spread a fine free lunch.

His place of business is on West Columbia street.

Wm. Reed, of Hartford City, Ind., is at the Aveline.

Judge O'Rourke to-day decreed J. C. Peltier a judgment for $75 against the Pennington Pulley works.

The Hamilton National bank sues the Pennington pulley works on a cross complaint. C. M. Dawson and Randall & Vesey are attorneys.

The following judgments were rendered in the superior court: James T. Kelsoy vs. James Paine on a note, for $253; James Paine vs. Geo. D. Pattan, foreclosure, for $1,229.25. The case of Ada J. Crane vs. Geo. A. Bonner was dismissed.

CHARMING LADY CHURCHILL.

Lady Randolph Churchill is the sort of pretty woman that some people call lovely, with the intention of conveying not precisely an idea of regular features, a marble brow, a Grecian nose, a mobile mouth and so on, but a woman in whose face expression counts for a great deal, her fine qualities almost beaming upon her countenance and causing her to be a very great favorite. A passage is made for her to pass through the assembled company on the arm of some distinguished member of the society, and she is stared at and applauded as if she were the queen herself. There is a craning of necks and the bobbing of heads to watch her every movement, and when she takes her seat at the piano—she is an accomplished musician, and not only lends her name but her services for the occasion—the enthusiasm increases, and she may be likened to a little goddess, with the piano stool for a pedestal. Her walk down the aisle, bowing to right and left, when the entertainment is over, is another little triumph, and the number of her husband's constituents increases by the tens and twenties during the little exhibition of Lady Randolph's graciousness and good temper."—*New York Press.*

WHITE CAPS!

They Whip a Lima Saloon Keeper Until He Swears to Give Up His Business Forever.

LIMA, Ohio, Dec. 31.—John Morissner, proprietor of the only saloon at Rowsen, has been repeatedly warned by White Caps to close, but paid no attention to the threats. Saturday night a party of men, masked as White Caps, visited him, and, after demolishing the saloon, whipped him until he begged for mercy and swore he would never go into the saloon business again.

A DARING ROBBERY.

The Money Order Department of the Indianapolis Postoffice Robbed at Midday.

INDIANAPOLIS, Dec. 31.—A daring and successful robbery occurred in the money order department of the Indianapolis postoffice at 12:30 to-day. Mr. A. H. Johnson is the chief of the money order department, and being alone, was asked by a stranger to go to the sidewalk and see a man in a buggy. He did so and when he returned he found the money gone.

The thieves secured about $2,500.

FOR HIS MONEY.

CINCINNATI, O., Dec. 31.—An application was made this morning before Judge Peck, of the superior court, for the appointment of a receiver for the Cincinnati, Washington and Baltimore railroad. The judge appointed Col. Orland Smith, who has been president of the road, and Henry C. Yorgason, vice president of the Merchants' National bank, of this city, as joint receivers. Each gave a bond in the sum of $10,000. The present indebtedness is nearly $2,000,000. The receivers were put in possession of the road and authorized to proceed with its management.

ISAAC N. MYERS.

Has an Imposing Funeral Yesterday Afternoon.

The funeral of Sir Knight Isaac N. Myers occured yesterday afternoon under the auspices of the Knights Templars. The Sir Knights were out seventy-five strong and the burial was according to their very impressive and solemn ritual. A great concourse of people viewed the remains at the Temple parlors and then the pageant moved to the south depot where Sir Knight Law had a special train of nine cars in waiting to convey the people to the cemetery. Here again the Sir Knights did their final honors to the deceased and paid to him their knightly tribute, as they formed about the grave. The Brotherhood of Locomotive Engineers was also represented and many of the Knights and engineers were from abroad.

Among the number were Sir Knights Baker, Drover, J. S. Glenn, Sivers, Day, Humbert, Slack, Simonton, Bratton, Knapp, Swartz, of Huntington.

Engineers Washburne, Aimes, Watkins, Jolliff, E. T. Taylor, J. McClure, Shurtlief, Weaver, Stevens and Ross came from Andrews and Engineers Jno. Cull, Wonderley, Wolper, McGraw, Sweedland and Slusser, from Huntington.

Others came from Butler, Columbia City, Plymouth, and in fact, all surrounding towns.

The floral offerings were profuse.

A BOLD THEFT.

Councilman Haiber Robbed of $165 and F. W. Kelsey of $15 and a Watch.

Thieves are getting bolder, if their work is any indication.

Saturday night, after the family had retired, burglars entered the residence of Councilman Charles Haiber, through a door left unlocked, and after a careful reconnoiter, found $165 under Mr. Hailser's pillow. This they appropriated without awakening the alderman.

Mr. F. W. Kelsey, of the Summit City laundry, rooms at Mr. Haiber's house, and from him they took a silver watch and $35.

No clue to the thieves.

Thomas Bolton, Rochester, $700.

Mr. Schiefer's store is closed and it may be that he will come out all right. He deserves better fortune, for he is always clever.

Stollhorn's orchestra will furnish the music. Only respectable people will be admitted to the hall.

There were twenty-nine conversions and twelve accessions to the church. There were ten conversions in the evening service. A watch night service will be held this evening, beginning at 7:30. The meetings will continue this week.

Officer Patton yesterday found a man giving his name as Henry Roberts, selling tools about town. He arrested him and this morning Lues Shapleford identified the property as his. Roberts will be attended to.

Mother, wife or sister, if you have a friend, brother, husband or father who drinks that which intoxicates, kindly ask them to sign the pledge in to-day's paper. It can do them no harm and may save them from a life of misery and woe. Cut it out and hand it to them, and be their witness.

One friend, Mr. Sam Stewart, has returned from his European trip. 'Tis reported that he had secured Heller's flying machine and was bound to find Stanley's remains or perish in the attempt. A telegram from the great explorer reached him as he was leaving Pittsburg, advising him that all was well and he should return to this city. The committee of arrangements regret the failure to apprise them of the time of his arrival, as arrangements had been made to give him an appropriate reception.

Mayor Muhler has his side of the life of Mrs. Nick Leffer, the woman who suicided the other day. He says the officers do not pursue fallen women as the papers allege, but in this case it was necessary. Three wives had personally appealed to the mayor for her arrest, saying that she robbed them not only of the affections of their husbands but of their wages, and consequently the necessaries of life. The neighbors, too, complained of her shameless acts, and her divorced husband bears three scars that mark him for life, and all of them received at her hands. Mr. Muhler says that Officer Trommel acted simply on honest demands, as Mrs. Leffer was the means of driving three families to the verge of starvation.

PLEADS FOR A NOBLE CAUSE.

Rev. D. C. Woolpert Preaches an Interesting Missionary Sermon.

"The Glory of the Coming Morn," was the subject of the sermon delivered yesterday morning at the Berry street M. E. church, by Rev. D. C. Woolpert. "Thou art Peter and upon this rock will I build my church, and the gates of hell shall not prevail against it," was the text used. For centuries, the speaker said, theologians have differed as to what Christ meant by the term "this rock." Some think He meant Himself, others His divinity, others Peter, and others still Peter's confession of His divinity. "I reject," said the reverend gentleman, "the papal idea of Peter's primacy in the Apostolic college, yet I think that Christ meant to state that Peter, along with the other apostles, was to be the foundation of the new church."

They were the ones upon whom the burden of the battle fell when Christ expired upon the cross. They were holy and consecrated men, fitted to take up the work on earth He had commenced. Under their leadership the standard of the cross was carried into many countries, planted even beside the Roman eagles and under the shadows of the Cæsars. The grand missionary work, commenced then, has continued throughout the centuries, and although persecution has made martyrs of many Christian heroes, the battle still wages and the Christian missionary is to-day found in every clime under the sun. But the end is not yet.

The great bulk of the world's population still sit in the darkness of heathenism. God commands us to go help them. Let us respond with consecrated men and women and consecrated money, and as persecution and death failed to crush Christianity at its birth and through centuries, so the difficulties that beset the missionaries' pathway to-day will not keep him from his work of redeeming the world, for Christ has promised "the gates of hell shall not prevail against" the religion he has founded. May God help us to hasten on the day when the sun, in his course, shall shine upon no nation, nor tribe, nor city, nor hamlet, nor home where the saving power of Christ is not known and his blessed name adored.

The speaker closed with a brief description of the church triumphant and pictured in an eloquent manner the glorious reward that awaits the faithful in the world beyond. The sermon was a magnificent missionary discourse, full of grand thoughts and delivered in Pastor Woolpert's usually forcible and eloquent manner.

Fort Wayne Sentinel.

E. A. E. HACKETT, Editor and Proprietor.

MONDAY, DEC. 31, 1888.

A HAPPY New Year to you all.

THE proverb of a "Green Christmas and white New Years" is in doubt.

GENERAL ALGER will give each of the 500 Detroit newsboys a suit of clothes for a New Year's gift.

THE Sunday laws continue to be flagrantly violated before the eyes of the officers sworn to enforce them.

THE SENTINEL'S yearly review of the affairs of the city was a revelation to many. Fort Wayne is growing right along.

TWENTY-FIVE states besides the national government have made scientific temperance a compulsory school study in their respective states and territories. Indiana is not one of them, unfortunately.

THE Methodist pastors of Indianapolis want General Harrison to withhold his countenance from the Inauguaration ball. The Indianapolis *Journal* replies that while General Harrison will not whirl in the mazy waltz, he will not attempt to regulate the social affairs of the nation.

THE district prosecuting attorneys of the state will undertake to defeat the passage of the city attorneys' bill relating to the prosecution of the crime of misdemeanors under a city ordinance instead of the state law. This is the old battle for fees.

TURN OVER A NEW LEAF.

To-morrow is eminently a day of reckoning and resolves. The affairs of the world and actions of life are in line for grand review.

The man of business closes his accounts for the year, makes out his balance sheet and finds himself on one side or another.

The individual weighs life's work on mental scales and measures the progress of the year.

What an important task it is and what momentous consequences hang about it.

The merchant or business man who finds his fortunes on the losing side either shifts his calling or pursues a different course. To him success is everything, and loss is calamitous.

No less important is it to the individual. If he is not better off at the close of the year than at its opening, his life is a failure and he must shift the scenes of the stage on which he acts.

Take an inventory of the year and see where you stand. What vice or habit has turned the scales against you? What has robbed life of its triumphs, labor of its fruits?

In ninety-nine cases out of every hundred it is drink, for all the faults that flesh is heir to follow in its wake.

It robs home of its comforts, drives love from the fireside and invites the wolf to the door. It feasts on wrecked manhood, revels in depravity and saps from life all its graces. It is a blight to the young, a curse to the old and a menace to all humanity, for it is poverty's cohort and crime's mainspring.

Stop the liquor habit. Have the courage to say no! Let wine lose its tempting and liquor loosen its fangs. Be a better man, a better son, husband and father. It will pay a better dividend than all the purchased pleasures.

Sobriety has come to be a necessity in all the callings of life. It is equivalent to employment, for every one knows its worth.

Begin to-morrow then, to lead a new life. Turn to a new leaf. There is more valor in this task than half the wars. Be a man for a year and the balance sheets will recall more joy, happiness, health and wealth than you dream for.

Sign the pledge printed elsewhere, live up to it sacredly, and dare to do right for the good it brings.

Avoid the temptations and associations that lead you to err. Pray more, read more, think more, and have a church home.

In these things you will find happiness and the genuine pleasures of life seasoned with prosperity and progress.

THE SENTINEL bespeaks for its constituency all the blessings of life and extends to all its choicest greetings for a happy new year.

"It's only a question of time," and a short time, too, as to when your rheumatism will yield to Hood's Sarsaparilla. Try it.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. O13dcod4m-wcow165

Temperance Pledge for 1889.

"With Malice Toward None and Charity for All."

I, the undersigned, do pledge my word and honor, God helping me, to abstain from All Intoxicating Liquors as a beverage, from January 1st, 1889, to January 1st, 1890, and that I will, by all honorable means, encourage others to abstain.

THE LEGISLATURE PETITIONED.

The Trades and Labor Council at Its Last Meeting Calls for the Passage of Laws in the Interest of Labor, Life and Health.

The Trades and Labor council and other labor organizations, of this city, at the regular meeting passed the following petition to the legislature and decided to request the members from Allen county to use their influence for the passage of such laws as are mentioned below:

We, the Local Trades and Labor Council and other labor organizations, of Fort Wayne, Ind., in delegate meeting, on Friday, December 28, 1888, call upon the Indiana legislature at its coming session to pass laws on the subjects following:

A law which shall make the wages of the wage worker a first lien upon all property and the repeal of all laws in conflict therewith.

A law which shall make the inspection of all boilers in mines, factories mills and all other places where they are used, necessary, and the appointment of a board of boiler inspectors by the governor with the concurrence of the legislature.

A law for the protection of life and health in mines, factories and on railroads.

A law for the inspection of tenement houses in cities.

A law to abolish the contract system in cities on municipal work, and the performance of the same by a board of public works.

A law to abolish all convict work in prisons, where the same comes in conflict with free labor.

A law to abolish child labor by children under fourteen years of age.

In furtherance of the above resolutions, a legislative committee was appointed to correspond with members of the Indiana legislature with a view of securing their co-operation in the passage of such laws as will be in the interest of life, health and happiness.

Several labor organizations not connected with the council sent delegates to the meeting.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and over a year had two running sores on my neck. Took five bottles Hood's Sarsaparilla, and am cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

Is one of the most disagreeable diseases caused by impure blood. It is readily cured by Hood's Sarsaparilla, the great blood purifier.

William Spice, Elyria, O., suffered greatly from eruptions and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. R. Stanion, Mt. Vernon, Ohio.

Martyrs to Headache

Seek relief in vain, until they begin to use Ayer's Sarsaparilla. Then they regret the years of suffering they might have escaped had they tried this remedy earlier. The trouble was constitutional not local; and, until Ayer's Sarsaparilla did its effective work as an Alterative and Blood Purifier, they were compelled to suffer.

The wife of Samuel Page, 21 Austin st., Lowell, Mass., was, for a long time, subject to severe headaches, the result of stomach and liver disorders. A perfect cure has been effected by Ayer's Sarsaparilla.

Frank Roberts, 727 Washington st., Boston, says that he formerly had terrible headaches, and until he took Ayer's Sarsaparilla, never found any medicine that would give

Permanent Relief.

"Every Spring, for years," writes Lizzie W. DeVean, 252 Fifteenth st., Brooklyn, N. Y., "I have had intolerable headaches. I commenced the use of Ayer's Sarsaparilla last March, and have not had a headache since that time."

"I suffered from headache, indigestion, and debility, and was hardly able to drag myself about the house," writes Mrs. M. M. Lewis, of A st., Lowell, Mass. "Ayer's Sarsaparilla has worked a marvelous change in my case. I now feel strong and well as ever."

Jonas Garman, Esq., of Lyons, Pa., writes: "For years I have suffered dreadfully, every Spring, from headache, caused by impurity of the blood and biliousness. It seemed for days and weeks that my head would split open. Nothing relieved me till I took Ayer's Sarsaparilla. This medicine has cured me completely."

When Mrs. Genevra Belanger, of 21 Bridge st., Springfield, Mass., began to use Ayer's Sarsaparilla, she had suffered for some years from a serious affection of the kidneys. Every Spring, also, she was afflicted with headache, loss of appetite, and indigestion. A friend persuaded her to use Ayer's Sarsaparilla, which benefited her wonderfully. Her health is now perfect. MASON & HAMLIN

The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers claim it is the invention of their instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

At the Paris Exposition, 1878, in competition with the combined excellence of their organs, the fact that all of the great World's Exhibitions, since that of Paris, 1867, have accorded to them the highest honors, is sufficient evidence of their superiority. Illustrated catalogues and new styles sent free on application.

Many thousers have come to make the extraordinary claim for their pianos that they are superior to all others. They recognize the high musical excellence attained by other leading makers in the art of piano building, but still claim superiority. They contribute nearly to the remarkable improvement introduced by them in the year 1880, and now known as the "MASON & HAMLIN PIANO" the use of which has created a great demand for the greatest possible refinement of musical quality, combined with greatly increased power. GRAND & UPRIGHT, of both styles in boxes and other important advantages.

A circular containing testimonials from three hundred purchasers, musicians, and others, sent, together with descriptive catalogue, to any applicant.

Pianos and Organs sold for cash or easy payments; also rented.

"The Gladstone" LAMP

is the finest lamp in the world. It gives a pure, soft, white light of 35 candle power,—a marvelous light for ordinary use! Nobody ever suspected such a light was possible from kerosene oil, yet it is here, and

Seeing is Believing

A "wonderful lamp" it is in all respects. No smoke, no disagreeable odor, chimney never smokes nor breaks chimneys never "smells of the oil" or gumming up, no leaks, no spattering, no climbing of the wick, no necessary care of any kind, and cannot be exploded. And then, besides all these advantages, think of a lamp giving a clear, white light of 35 candle power, and at the same time using less than one-half the oil and only one-quarter as much wick as the ordinary lamps now in use!

The Gladstone is made of black enamel, hard metal, metal bell parts interchangeable, and in elegant designs for Parlor or Center Table, the Study, Drawing room, Hall or Chamber. Finished in either Gold bronze, Nickel or Antique bronze. Every lamp should have it.

Illustrated circular, list of prices and terms sent on receipt of a postal card. Single lamps at retail dealers, with or without globes and shades, carefully packed and sent by express to any part of the country.

Agents wanted everywhere. Send for terms and circular. Address

SMOKED GLASSES.

They Will be in Order To-morrow for the Eclipse.

The advent of the new year will be marked by an eclipse of the sun, which, rarely enough, will be visible in this locality. To the favored few living in a belt eighty miles wide, beginning on land at San Francisco, and terminating about Lake Winnipeg, the face of Old Sol will be wholly hidden from view for the space of three minutes, presenting the strange spectacle of the sun setting while still above the horizon.

The first contact will take place at 2:30 p. m., and at the maximum point of the eclipse about six-tenths of the sun's diameter will be observed, leaving a luminous line corresponding to that presented by the sun during the eclipse of 1869, the last solar eclipse visible here. By this time the sun will be going behind the western horizon, shutting out from view the last half of the phenomenon, the last contact taking place about an hour after sunset.

The eclipse begins in the Pacific Ocean some hundreds of miles west of San Francisco, and the moon's shadow will leave the earth at a point in the West Indies.

The first month of 1889 will also be signalized by a partial eclipse of the moon. The phenomenon is set for January 16, at 10:50 p. m., and will last three hours. The moon will be full and well up in the heavens, and if the sky be clear observers in this part of the earth will be granted a full view of the phenomenon. Seven-tenths of the moon's face will be darkened by the earth's shadow, which in an hour diminishes fair Luna's face until naught remains in view but a crescent scarcely more fully developed than at new moon.

Rheumatism

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, hips, and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

Judge Chapin's Year in Court.

Judge A. A. Chapin closes the year with a good record. During 1888, 185 cases were filed in the superior court. Fourteen of them were divorce suits; forty-nine were for foreclosures and quieting of title, fifty-two were on accounts, twenty for damages, fifty for other causes; on the aggregate he rendered 116 judgments and decrees.

A Sneeze! A Cough! A Sudden Chill!

The mischief is done; you have a cold. It will run into catarrh, inflammation of the chest, or to hemorrhage of the lungs. That depends. A timely dose and an external application of Pond's Extract will stop it, as it cures inflammation or hemorrhages of all kinds. Thus it is well to keep a bottle of this wonderful remedy at hand prepared for all emergencies. Avoid imitations.

Our Weighmaster.

Mr. Patrick Ryan, the efficient city weighmaster, presents the record of weights and measures in his department for 1888:

Of hay, 5,453 11-10 tons were weighed; corn, 34,841-30 bushels; oats, 69,960-20 bushels; straw, 330 3-80 tons; ice, 345 15-20 tons; iron, 640 12-80 tons; meal, 336-1,000 tons; coal, 2,440-750 tons; potatoes, 20,985-40 bushel; wood, he measured 5,024 loads; total receipts for the year, $1,650.

Its thousands of cures are the best advertisement for Dr. Sage's Catarrh Remedy.

A HORRIBLE story comes from Trinity County, California. A man by the name of Iverson became suddenly insane, killed his wife, and shot himself. When the neighbors found the bodies next morning the little babe was crawling around on the floor, vainly endeavoring to awake its parents. The babe's hands and feet were covered with blood.

Ayer's Cherry Pectoral is recommended by eminent physicians, on both sides of the Atlantic, as the most reliable remedy for colds, coughs, and all pulmonary disorders. Inquire of your druggist for Ayer's Almanac.

Electric Belt Free.

To introduce it and obtain agents the undersigned firm will give away a few of their $5 German Electric Belts invented by Prof. Van der Weede, Pres. of the N. Y. Electrical Society. (U. S. Pat. 357,647) a positive cure for Nervous Debility, Rheumatism, Loss of Power, &c. Address Electric Agency, Box 178, Brooklyn, N. Y. Write to them to-day. 7-dtood-45t-woow-15t.

My Poor Back!

That "poor back" is held responsible for more than its share of the sufferings of mankind. If your dog bites a man who kicks it, do you blame the dog? On the same principle the kidneys utter their protest against nervousness, impure blood, and resulting constipation. These force them to do extraordinary work in ridding the system of the poisons which are the result of effete matter retained in the blood. Then the sufferer says the back aches; the kidneys are diseased. "Not yet;" but they will be unless the nerves are strengthened, the blood purified, and the constipation removed. These are the causes of Kidney troubles, and Paine's Celery Compound removes them quickly. With its tonic, purifying, and laxative effect, it also strengthens the weak kidneys, making it almost infallible in curing all diseases of the nerves and kidneys. If your hopes of cure have not been realized, try Paine's Celery Compound; it gives perfect health to all who complain of "their poor backs." *Price $1.00.*

Health is impossible when the blood is impure, thick, and sluggish, or when it is thin and impoverished. Such conditions give rise to boils, pimples, headaches, neuralgia, rheumatism and other disorders. Ayer's Sarsaparilla purifies, invigorates, and vitalizes the blood.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. mar-18-1y

THE DOG AND THE SHADOW

A Dog, crossing a bridge over a stream with a piece of flesh in his mouth, saw his own shadow in the water, and took it for that of another Dog, with a piece of meat double his own size. He therefore let go his own, and fiercely attacked the other Dog, to get his larger piece from him. He thus lost both. —*Æsop's Fables.*

NATURE HAS NO BETTER REMEDY
Than this New Compound of Tar for
Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and
Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Like Cures Like*. Diseases are caused by impure blood, which is not true. They have their cause in a want of vital action in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is tasteless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfect in action, yet powerful in its effects.

To our lady friends, we desire to say, you have but one chance more left to take advantage of the leap year privilege. Miss Minnie Maddorn is the youngest prominent star in America. She is the original exponent of an art heretofore never portrayed on the American stage. Her originality, great talent and deserved success has never been disputed by any critic. She is not a tragedienne, comedian, soubrette, nor an emotional artist. Yet it is true that she stands at the head of a line of dramatic art, which has few followers. She is the legitimate ingenue of America, presenting as she does, girlish, youthful heroines, who are neither tragic, emotional nor soubrettish particularly, but just as they are in ordinary every day life.

NEW YEAR'S DAY.

Its Old Customs are Waning and Society Sways the Day to Its Pleasure.

New Year's day, like many other holidays, has lost much of the heroic proportions and grandeur it wore in the eyes of childhood, whether because the perspective of imagination grows dim with advancing years, or whether the day really has lost a large part of its popularity can not be said. But the fact is that fewer people keep open house from year to year in proportion to the size of the circle of society. It is not a children's day, which may account for its not being so enthusiastically hailed. It is society day, and society is changable in its notions about how it shall conduct itself. Men no longer contemplate with enthusiasm the long rides, the dashing in and out of parlors and scattering greetings as they go, which are about as social as a "hello" through the telephone. They find themselves unable to cover the whole ground and have enough vitality left to go through the duties of the evening, and hence do not attempt it all. Then, again, January 1 is theatrical day and people in large cities prefer to be quiet through the day and enjoy the play or perhaps a ball in the evening to making the weary rounds. Perhaps the decline in the table setting has something to do with the decline of the day. Temperance sentiment has well nigh abolished the miscellaneous and jolly drinking which characterized the conduct of the gallant of thirty years ago. The day is gone when gentlemen expect to be well fed on the first day of the year.

If there is a day that demands floral decorations, it is New Years. Designs are least expensive, least fashionable, and, consequently least desirable. The fancy of the hour is to buy from a dozen to six thousand single flowers, and array them about the rooms, placing them indiscriminately—on mantel, shelf, and about the bric-a-brac and books on cabinet and table. They are to be seen and admired, rather than preserved. Short-stemmed flowers are nice for window-seats, as they can be put in a shallow dish of some kind, covering the edge. It might be said here that if flowers are not profuse the parlor can be made delightfully picturesque by arranging scarfs, ties, draperies, or even books about the furniture in the rooms.

The dress of the hostess is simple. Although no restriction is placed on elegance, full dress, that is, of a decollette character, will hardly win approval; the high-neck, close-fitting house or street dress may be made sufficiently attractive with bright ribbons and flowers.

Full dress suits are not worn by callers earlier than 6 o'clock in the evening. Prince Alberts, dark trousers and kid gloves are proper for afternoon calls. Fifteen minutes is long enough for a call, unless there is a special invitation to stay longer.

Uncle Remus has wisely declared that "mule don't kick 'cording to no rule," and "that colds have no systematic way of taking hold of a person." The only safe cure, when they do, is a bottle of Dr. Bull's Cough Syrup.
